OUR MISSION

Family Service Saskatoon (FSS) serves individuals, families, and the community to nurture safe, healthy, and respectful relationships.

OUR VISION

Healthy individuals and families contributing to a strong community.

The Ends Policies Adopted in the Strategic Plan for 2020-2025

1. Solving problems without violence
 - a. Families, intimate partners, and youth solve problems without violence.
2. Building stronger families
 - a. Families manage separation and divorce in a healthy way.
 - b. People in parenting roles are competent and confident in their parenting skills.
 - c. Individuals and families receive supports to manage their mental health.
 - d. Youth experiencing challenges develop resilience.
3. Programming meets the unique needs of clients in minority groups.
4. FSS is recognized and respected as a prominent organization serving the community.

Kyle Christopherson,
2021-22 Board Chair

MESSAGE FROM OUR CHAIR

We have had a few weeks to reflect on another year in the books on March 31, 2022. It was an exciting year and one in which we had the opportunity to celebrate the achievements and contributions Family Service Saskatoon has made over the last 90 years. The long-lasting impact of this work is something to celebrate now and every year.

I want to thank the FSS staff and our Executive Director, Janine Baumann, for your commitment to FSS and building stronger families. You are making a difference in many individuals' and families' lives and it is not easy work.

Of course, FSS could not offer the programs and services without our funders and donors who entrust FSS to make an impact in the community. Thank you for believing in FSS.

Finally, I would like to thank our Board of Directors for their engagement and participation this year. The board plays an important role in governance and oversight, and we could not be successful without this team of dedicated volunteers. I have enjoyed the opportunity to lead this group over the last few years as board chair and look forward to transitioning the position to another one of our talented board members.

Thank you,
Kyle Christopherson

MESSAGE FROM THE EXECUTIVE DIRECTOR

Celebrating 90 years as a community-based organization is quite an accomplishment and I am humbled and grateful to be a part of Family Service Saskatoon for this remarkable achievement. As I look back on the history of this agency I am reminded of a well-known quote from Helen Keller:

“ Alone we can do so little; together we can do so much”

By working together with our community, Family Service Saskatoon has provided thousands of programs and services to countless individuals, couples, families, and youth, something we could not accomplish alone. We continue to focus on collaboration and this year saw us create new partnerships and re-establish existing connections with our community partners. We were pleased to work with the Office of the Treaty Commissioner and Aboriginal Friendship Centres of Saskatchewan on a mapping exercise to help establish priorities for Family Service Saskatoon to continue its work with Truth and Reconciliation. We continue to offer programs and services that strengthen people, nurture relationships, and build communities.

Thank you to our funders, donors, sponsors, and community for your continued support. Thank you as well to our clients for reaching out and accepting support; that is not an easy thing to do and we appreciate your trust in us to accompany you on your journey.

I would also like to thank our employees for their dedication and commitment to the work they do each and every day. Your compassion, respect, and professionalism is integral to the work you do with your clients and helps the agency continue to meet the needs of so many in our community. I would also like to thank the Leadership Team for your support, and for your continued direction and guidance of your teams.

Finally, thank you to our Board of Directors. It was another year of meeting via zoom and your continued engagement and oversight to FSS was so appreciated. Thank you to our Board Chair, Kyle Christopherson for your guidance. We are saying farewell to a long-serving Board Member, Connie den Hollander. Thank you Connie, for your endless hours of support and leadership to Family Service Saskatoon; your vision and guidance will be missed.

I invite you to read through the Annual Report for more details on the programs we provided this past year and the support we received from our donors, funders, and community.

Warm Regards,

Janine Baumann

Janine Baumann,
Executive Director

Continuous Quality Improvement

In the Spring of 2021, Family Service Saskatoon participated in a Quality Improvement Initiative, hosted by the Health Quality Council. This initiative provided us with the opportunity to learn more about quality improvement and how to integrate it into our organization in a continuous way.

Family Service Saskatoon redesigned its client satisfaction survey as a result and then implemented the revised survey in 2021. Surveys are anonymous and all results are confidential.

The highlights from the 2021/22 survey results are presented below.

OUR TEAM

Leadership Team

Janine Baumann - Executive Director
Myrna Kanigan - Director of Programs
Kevin Kobialka - Operations Manager
Ian Shaw - Youth Project Manager

Program Staff

Youth Counsellors

Beatrice Boateng-Twumasi (on leave)

Nalini Ghai	Heather Whatcott

"It has been such a pleasure working in this organization. I can say that in all my years of being employed, Family Service Saskatoon was by far the healthiest work environment I have come across. I valued my time there and the sense of family that you create in the work environment."

Kristin, RAC Counsellor

"As a Child & Youth Support Worker, I have seen first-hand the valuable connections made with the children we serve. Some children continue to stay connected with us even after they have aged out of the program and are living independently. We have become a vital part of their story and their journey to adulthood."

Lindsay

STRENGTHENING PEOPLE

Counselling Services

Community Counselling: The program offers counselling based on clients' needs and operates on a sliding fee scale to ensure that nobody is turned away. Skilled counsellors work with clients on issues as diverse as grief, self-esteem, healthy relationships, parenting, coping and mental wellness.

Family Services Employee Assistance Program (FSEAP): The FSEAP program provides contracted counselling services to participating businesses. Employees within the program access individual and family counselling and a variety of wellness workshops.

Rapid Access Counselling Clinics: Family Service Saskatoon continued providing single-session walk-in counselling at no charge for individuals, couples, and families in 2021/2022. The main goal of rapid access counselling is to help address the immediate needs of the client through brief solution-focused support. In-house clinics were offered at various locations throughout Saskatoon and surrounding communities.

RAC Locations:

Axiom Career College
Family Service Saskatoon
OUTSaskatoon
Prairie Harm Reduction

Saskatoon Public Library
West Winds Primary Health Centre
Martensville Collective Health & Wellness
Warman Legends Healthcare

Group Programs Focused on Wellness: Family Service Saskatoon provides groups and workshops designed to enhance the lives of individuals and families. Groups offered vary throughout the year depending on the needs of our clients and the community. Examples include: Adult Depression and Anxiety, Invisible Scars, Impact of Social Media

Goals of Counselling

01

Improving the client's ability to establish and maintain relationships.

02

Enhancing the client's effectiveness and ability to cope.

03

Promoting the decision-making process and facilitating client potential.

Youth Programs

Child and Youth Support Program: This program matches children connected to the Ministry of Social Services with Support Workers who provide social/recreational programming and emotional support for children and youth. The support workers continued to offer compassion and care in their commitment to helping youth in our community.

52° North: This program focuses on increasing participant wellbeing, building healthy relationships, and strengthening family supports for youth who are at risk of engaging in violence in our community. The program goal is the prevention of youth violence, specifically cyberbullying, bullying and dating violence.

Youth Exposed to Violence: The program supports youth through individual and group counselling on issues such as mental health, violence, healthy relationships, and self-esteem.

Individual and therapeutic group counselling: A specialized team of skilled counsellors provides counselling services for youth ages 12-29. Group counselling sessions focus on common themes and challenges experienced by youth, while individual counselling sessions offer youth the opportunity to focus on their individual concerns.

Group sessions offered in 2021-22:

- Move Your Mind
- Adulting 101
- Gympowerment
- DIY - Do it for Yourself
- Social Media and Mental Health for Families
- Building Resiliency
- Inter-generational Trauma

NURTURING RELATIONSHIPS

Parenting Programs & Resources

Teen & Young Parent Program: This program for parents under the age of 30 includes family support and counselling, and liaises with schools, community-based organizations, and government ministries to promote parenting awareness and education.

Parenting Education Saskatchewan: This on-line resource links parenting services across the province and provides support and information to people working in the field of parenting education. Visit the Incredible Parenting Directory at www.familyservice.sk.ca.

Group Programming for Parents:

- Effective Co-Parenting
- Nobody's Perfect

Family Violence Prevention & Outreach

Domestic Violence Court Caseworkers: Family Service Saskatoon court caseworkers ensure that victims of domestic violence are supported from the point of first contact to the complete resolution of their court case. Court caseworkers provide supports such as court updates, trial support, reports to assess requests for changes to release conditions, advocacy, and referrals to other services offered in Saskatoon.

Intimate Partner Violence Outreach Program: The program provides individuals affected by interpersonal violence a place to come for confidential individual counselling support in a safe and secure environment.

Group Programming for Family Violence Prevention:

- Intimate Partner Violence Drop-in Group
- When Anger Gets in the Way of Parenting
- Abuse & Beyond
- Men's Working Group for Respectful Relationships
- Invisible Scars

"I'm a victim of domestic violence. During this very hard time of my life, my DVC Counsellor helped me tremendously; she is so kind and always has the right words to say, [she was] very knowledgeable of her work and profession. I understand that this line of work must be very difficult and she is awesome at what she does, I would not have made it through this difficult time without her."

Thank you so much,
Angela

BUILDING COMMUNITIES

Diversity and Inclusion

Family Service Saskatoon is committed to honouring Diversity and Inclusion within our agency, in our service delivery, and in the community. Our Diversity and Inclusion Committee provides leadership and recommendations for FSS to facilitate diversity and inclusion initiatives. This year the committee undertook a staff-wide survey around cultural inclusion and the results of the survey will inform future strategies.

As part of our commitment to both professional development and Reconciliation, in 2021-22 Family Service Saskatoon undertook an organization-wide mapping exercise with the Truth and Reconciliation through Treaty Implementation (TRTI) team, coordinated by the Office of the Treaty Commissioner (OTC) and Aboriginal Friendship Centres of Saskatchewan. The TRTI team facilitated a series of working sessions for the FSS team that enabled us to map our organization's progress to date in advancing truth, reconciliation and Treaty implementation, and to formulate organizational priorities as we forge a path towards a new, shared future for our children and grandchildren involving four key elements:

- A shared understanding of our history
- Vibrant cultures and worldviews
- Systems that benefit us all
- Authentic relationships

Prairie Prism

Family Service Saskatoon is one of 20+ partners that produce Prairie Prism. Prairie Prism is a multi-cultural event which highlights the diversity and rich mosaic of cultures that exist within Saskatoon. The goal is to help build cultural connections between newcomers and established community residents and to provide opportunities for people and cultures to mix, mingle and learn from each other. Unfortunately, due to COVID-19, the last event was postponed; we are planning to offer an in-person event again on September 25, 2022.

[Our counsellor] helped both my husband and I in our transition into parenthood. It's been hard becoming a parent during the Covid pandemic, but talking with [our counsellor] helps me navigate the nuance of parenting during all of this. Not only is she helping me process the day-to-day, but she really helps me find connections between my behaviors and triggers. I highly recommend counselling to all of my friends, but more than that, I recommend [our counsellor] "

VH, Teen & Young Parent Program Participant

BUILDING FOR THE FUTURE

2021-22 Initiatives

Partnering for Resiliency: Family Service Saskatoon entered into a partnership with SaskAbilities to provide a series of therapeutic group programming for clients experiencing varying abilities. The focus of the program was to assist participants in addressing common responses to stress, anxiety, trauma and other life experiences that impact mental wellness. Through a series of learning experiences, group and individual exercises, and group participation, individuals learned healthy approaches to building resiliency and promoting mental wellness.

Inter-generational Trauma Programming: Our agency partnered with Oskayak High School and E.D. Feehan Catholic High School to offer group programming focused on understanding and responding to the impacts of inter-generational trauma. Inter-generational trauma programming helps individuals explore the impact of unresolved trauma on future generations. The goal is to help individuals break the cycle of the repeated patterns and attitudes of former generations in order to adopt coping strategies and practices that promote resiliency and mental wellness.

Promoting Mental Wellness: Recognizing the pressures Covid-19 placed on Saskatoon's community-based service providers, Family Service Saskatoon, in conjunction with the Saskatoon Inter-agency Response to Covid-19 committee, offered mental health workshops and individual counselling to local community-based organizations. Ensuring that the mental wellness needs of our community's helpers are being met and that individuals have the tools they need to meet the ongoing challenges of the pandemic is one more way Family Service Saskatoon expressed our vision of Building Communities!

Counselling for Students: Family Service Saskatoon partnered with Fresh Start and Great Plains College to provide on-site counselling services for students at the College's Martensville & Warman campuses.

Rapid Access Counselling: In June, 2021, Family Service Saskatoon and our partners through Family Service Saskatchewan launched an on-line booking platform for clients looking for Rapid Access Counselling sessions within our province. The site allows people to search for the nearest available counselling locations, available times and modalities (phone, virtual or in-person), and book their sessions immediately. Visit <https://www.counsellingconnectsask.ca> to book appointments.

Investing in Future Professionals

Family Service Saskatoon is pleased to support our partners in education by providing practicum experiences for students of social work, counselling, marriage and family therapy, education or counseling psychology.

"FSS helped to cultivate my education into a passion. Everyone was genuinely invested in my development and I felt supported to step outside of my comfort zone as a counselor in training."

Kevin

Kevin Nham,
Yorkville University
MA, Counselling Psych.

"The opportunity to shadow and participate in co-therapy with my supervisor and learn from such an experienced mentor has been one of the most valuable learning opportunities thus far in my Social Work profession. My supervisor's ability to remain patient, and creative in her approaches to working with children, while also being open to suggestions not only inspired me but reminded me that regardless of where we are at in our profession, we are always able to learn new things and shift our approaches."

Cara

Cara Fox,
University of Regina
BSW program

"Right from the get go, I felt welcomed and supported by the Family Service Saskatoon team. I was able to apply my strengths and safely challenge my abilities. I am grateful for the connections I made at FSS and in the community beyond."

Julianne

Julianne Gordon
University of Regina
BSW program

"FSS was overall very welcoming, loving and accepting. I was able to lead my own path of success and explore the fields that peaked my personal interest. The staff was very supportive of all my decisions and guided me in the right direction throughout my journey."

Cristelle

Cristelle Flack
University of Ottawa,
BSW program

"Spending time at Family Service Saskatoon has been a valuable learning experience. It has given me a glimpse into the diverse community that is Saskatoon and the needs that organizations like FSS provide for with their programming."

Brady

Brady Moore
Yorkville University,
MA, Counselling Psych.

Celebrating 90 Years in the Community

2021 was our 90th Anniversary and although the world-wide pandemic changed the way we celebrated significant events and milestones, we still celebrated by transitioning to online and social media formats and focused on more intimate approaches to connecting. Family Service Saskatoon celebrated 90 years by hosting and participating in a wide variety of community events.

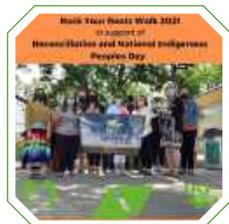

Victims and Survivors of Crime week: We used the week to increase awareness for victims and survivors of crime through digital billboards and a social media campaign.

Saskatchewan Violence Prevention /

International Day for the Elimination of Violence Against Women: We donned our purple T-shirts and used our social media platforms to highlight community programs and supports for violence prevention and those experiencing violence.

National Indigenous People's Day / Rock Your Roots Walk: Family Service Saskatoon reaffirmed our commitment to Truth and Reconciliation by acknowledging the past in order to forge a stronger future.

Orange Shirt Day / National Day for Truth & Reconciliation: Our agency closed on September 30th to honour residential school survivors, those who did not make it home from residential schools, and those who experience the inter-generational impacts of residential schools.

Black History Month: We collaborated with Black Lives Matter YXE and Black History Month SK, providing social media awareness through a special podcast and offering a presentation as part of the activities.

Mental Health Week: Family Service Saskatoon "Got Loud", speaking up to stop the discrimination and the stigma that can often happen with mental illness, and using our voice to raise awareness and build support for mental health.

Summer Fun Give-Away: We ramped up the family fun last summer and launched our new website with a summer fun give-away. Four lucky families won a bounty of gift certificates and items to help them enjoy summer in the city!

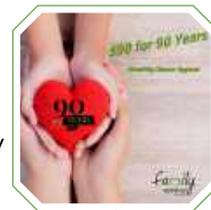

Pink Shirt Day: Our team donned pink to recognize anti-bullying and to reaffirm our commitment to stand against bullying.

National Social Workers Month: We celebrated the amazing work of our social workers both at Family Service Saskatoon and within our partner network across the province through social media channels.

Hearts for Hope Mother's Day Campaign: Style & Graze and Just for You Day Spa celebrated Mother's Day and Family Service Saskatoon's 90th Birthday with a special fundraising campaign at their businesses.

The Celebration Continues

Monthly Donor Campaign: In the Fall of 2021 we launched a new, celebratory monthly donor campaign inviting the community to help celebrate 90 years by committing to a monthly gift of \$7.50 (\$90/year). This campaign is ongoing through our 90th year and beyond. Join the celebration by becoming a [monthly donor](#); visit www.familyservice.sk.ca!

FSS 90th Anniversary Celebration: In November, we celebrated our 90th Anniversary with a social held at the Western Development Museum. Guests, including local dignitaries, enjoyed a scavenger hunt, silent auction, some tasty eats, a few speeches and lots of catching up with friends we hadn't seen in awhile. The evening wrapped up with the exciting conclusion of the 50/50 raffle!

90th Anniversary 50/50 and On-Line Auction: It was a good year to try something new and so Family Service Saskatoon launched our first annual 50/50 Raffle and On-line Auction in conjunction with the 90th Anniversary Celebration. Both initiatives were very successful with over 60 items being auctioned in a lively on-line auction format.

Website Launch: It was a project that was months in the making, but we finally launched our new website as part of the 90th Anniversary celebrations. The new site offers enhanced ability to offer up-to-date program information, client resources and a viewing library of digital resources. Check us out www.familyservice.sk.ca.

"I can actually talk to people now - I can actually use my voice now. Like I could talk to some people before, but now I can talk to everyone."

52° North Participant

Client satisfaction surveys report 93% of respondents are satisfied with the services provided by Family Service Saskatoon.

CLIENT TESTIMONIALS

Tumbleweed's Story

I was told that a couple of lines would suffice, but my heart and my feelings say this program deserves so much more than that. So I hope my run-on praise is seen, as there is so much gratitude and love for these people, this program and this city. Thank you from the bottom of my heart.

Upon my arrival to this beautiful city of Saskatoon, I must say I was an absolute mess. I was confused, scared and unsure where my life was at, where I was going and where I was supposed to be. My daughter got me connected to Family Service Saskatoon. I was involved in two groups: Intimate Partner Violence and Invisible Scars. Both programs had absolutely wonderful, caring leaders that were definitely there to help. I also had an absolutely, totally, wonderful outreach worker that I saw on a regular basis.

My first appointment for assessment was definitely scary, but, I was reassured I was where I needed to be. That same evening, at group, I opened up. This is how comfortable they made you feel to share your story, your struggles and your questions.

The old cliché that says “talking through your problems help”- well, it's true. Talking in groups and with an experienced outreach worker gave me insight and challenged my development as a person. They all worked with the positives and negatives and overcoming struggles of decision making, clarification that I was where I am supposed to be. Even though I felt discomfort and I was full of anxiety, they helped me to make choices. Choices are the heart of recovery, and it takes time, hard work and outside help. This I truly believe, I know I had to do the work but they helped me to be strong, find my way and be the best I could be.

A quote that my outreach worker shared with me that sticks like mud, “an abnormal reaction, to an abnormal situation, is normal behaviour.” [In this program] I learned that how I was treated wasn't right, it was abuse. [I learned] that my wounds were deeper than I knew, started out in my childhood. I began the journey, as I was taught the fundamentals to healing. Finding the strength and that you matter and its not your fault.

This testimony shares my past, my present. I am grateful to Family Service Saskatoon. They helped to find me, to become the best of me, and because of them I have found my wings to fly!

Tumbleweed
IPV and Invisible Scars Participant

“I learned that fear does not define who you are.”

“I am able to know when I am getting into a panic mode or having a panic attack due to the body mapping activity we did in class.”

“Just today I ended a relationship with someone because I realized it was toxic and not good for me and not a healthy relationship.”

Participants, 52° North Program

“I'm proud that I have the knowledge and tools to make sure abuse will not be a part of my life again.”

“Participating in the group made me get my beliefs and values in check. It made me reflect on the person I am and who I want to be.”

Participants, Men's Working Group for Respectful Relationships
