## Are you at risk?

- Does your partner get jealous when you talk to or look at other people?
- Do you ever feel pressured to do something you do not approve of or feel comfortable with?
- Do you find that your partner doesn't want you to see other friends or participate in activities that do not include him?
- Does your partner criticize the way you dress, talk, dance, etc?
- Do you feel free to say "no" without having to explain your reasons?
- Has your partner ever hurt you physically or destroyed something that is important to you?

If you answered yes to any of the above questions, you could be in what is called an "unhealthy" or "abusive" relationship.
