Message From Our Executive Director and Board Chair

We are honoured to present the 2025–26 Annual Report of Family Service Saskatoon. Over the past year, we have seen steady progress, perseverance, and a deepened sense of purpose to our shared vision of engaging individuals, promoting healthy relationships, and creating respectful communities.

2026 marks a meaningful milestone as we begin celebrating 95 years of service. Since our founding in 1931, we have made a lasting difference in the lives of countless individuals, couples, and families. In the past year alone, we have expanded our reach and strengthened our impact, supporting more than 3,700 individuals through a diverse range of programs and services.

This year, we deepened our commitment to preventing gender-based violence and advancing mental health and wellness supports across our community. We were pleased to launch ATTACH as an online resource and to help increase awareness of Red Flag Laws throughout the province. Our cornerstone fundraising events continue to play a vital role in raising essential funds and building awareness of our services. Our work is made possible by the individuals we serve, whose resilience and courage inspire us in our work every day.

We are deeply grateful to our clients, funders, donors, sponsors, and community partners for their ongoing trust and support. Your contributions empower us to continue delivering essential services. To our dedicated staff, thank you for the care, professionalism, and commitment you bring to your work—you are the foundation of Family Service Saskatoon and make a meaningful difference in the lives of so many.

We also extend our sincere appreciation to our Leadership Team for their guidance and commitment to service excellence. To our Board of Directors, thank you for your stewardship and strategic leadership, which help ensure a strong and sustainable future. We would also like to acknowledge Karlee Schulzke, who is leaving the Board this year, and thank her sincerely for her valuable contributions.

We invite you to learn more in the report about the progress we have made together over the last year. Thank you for your ongoing support as we continue this important work in our community.

Warm regards,

Penny Babbings

Continuous Quality Improvement

Family Service Saskatoon continues to prioritize our ongoing quality improvement initiatives, which provide us with the opportunity to gain valuable insight into our day-to-day operations as identified by our end-users.

Information gained through ongoing customer surveys enables our agency to identify key strengths and opportunities for organizational improvement continuously. Surveys are anonymous, and all results are confidential.

2025-26 client satisfaction surveys indicate, overall, a high degree of client satisfaction with counselling experience and Family Service Saskatoon as a whole. Respondents indicate that they feel heard, respected and understood by their counsellor and that agency and program staff treat clients with respect and in a way that is sensitive to culture (e.g., identity, ethnic background).

“My counsellor has made me feel like a better person, and I have become stronger in my decision-making.”

- IPV Client

2025-26 Survey Results

I felt heard, understood, and respected by my counsellor.

I was very satisfied with the counselling I received.

I felt safe with all aspects of my counselling experience.

I would recommend Family Service Saskatoon to others.

Community Impact

Diversity and Inclusion

Family Service Saskatoon is committed to honouring Diversity and Inclusion within our agency, in our service delivery, and in the community. As part of our ongoing commitment to professional development and Reconciliation, Family Service Saskatoon continues to advance the organizational priorities identified through our agency-wide mapping process in collaboration with the Truth and Reconciliation through Treaty Implementation (TRTI) team.

RADI♥THON For Mental Health

In partnership with 98 Cool, 600 CJWW and 92.1 The Bull, we produced 23 hours of on-air radio programming on January 29th and 30th, 2026 for our 3rd annual Radiothon for Mental Health. Family Service Saskatoon clients, staff, and community partners came together to engage in enlightening conversations about mental health, relationships, parenting, intimate partner violence, and available community supports in Saskatoon. We are very thankful to everyone who donated, shared their journeys, or volunteered to help raise funds for our low-cost community services.

Trucktastic! Children's Expo

The annual Trucktastic! Children's Expo had another great year. Our team looks forward to Trucktastic! every year, as we get to see children's faces light up with the opportunity to sit in their favourite machines. It was a great day of fun in the sun, exploring equipment, trying food from various vendors, and exploring the play area.

We couldn't have put on this event without our planning committee, volunteers, sponsors, and the equipment providers. Thank you for making this event possible!
